

# 12<sup>th</sup> THz Young Scientists Meeting

**What?** – The annual THz Young Scientists Meeting is all about bringing the new blood in european THz research together. Learn about the newest techniques, fundamentals, applications and overall achievements in THz research while getting to know your fellow PhD or PhD-interested Master students in the community. The schedule is divided into talks and poster sessions so you can decide how you present your work best.

**Who For?** – You are a PhD student or interested in doing a PhD and your work has something to do with THz radiation? Then you are welcome to register and submit your abstract.

**By Whom?** – This year's THz Young Scientists Meeting is organized collectively by the TU Delft and the University of Siegen.

**Where And When?** – We are happy to announce that the meeting will take place from August 25<sup>th</sup> to August 26<sup>th</sup> 2022 in the facilities of Delft Technical University.

**How?** – To join, please submit your abstract until June 15<sup>th</sup> 2022 according to the instructions on the website below.

If you want to know more about abstract submission, accomodation recommendations, news and other related topics, you can browse the website:
